Invited talks

September 2025	The acquisition of Intrinsic Vowel Pitch by Dutch children with typical and atypical hearing: theoretical and clinical implications City St George's, University of London, UK — Invited talk
May 2024	Methodological challenges in child speech production research Universität Mannheim, DE — Invited talk

Teaching

March 2026	Phonetics and Phonology KU Leuven, BE — University lecturer, graduate level
October 2025	Master's Seminar — guest lecture: "Corpora en wetenschappelijk onderzoek in de taalkunde" Uniwersytet Wroclawski, PL — Guest lecture
September 2025	Linguistique générale [General Linguistics] Université de Mons, BE — University lecturer, undergraduate level
September 2025	Orthographe lexicale et grammaticale [French Lexical and Grammatical Orthography] Université de Mons, BE — University lecturer, undergraduate level
May 2024	Phonetics and Phonology Seminar — guest lecture: "Intrinsic Vowel Pitch in Children" Universität Mannheim, DE — Guest lecture, undergraduate level
May 2024	Linguistics: Quantitative Research Seminar — guest lecture in inferential statistics Universität Mannheim, DE — Guest lecture, undergraduate level
2024	Bachelorscriptie [BA Thesis] Universiteit Antwerpen, BE — Assessor, undergraduate level
September 2021	Linguistique synchronique de l'anglais II [English Linguistics II] Université Libre de Bruxelles, BE — Undergraduate level
September 2021	Linguistique synchronique de l'anglais I [English Linguistics I] Université Libre de Bruxelles, BE — Undergraduate level
February 2021	Linguistique générale: questions théoriques [General Linguistics: Theoretical Questions] Université Libre de Bruxelles, BE — Student assistant, undergraduate level
September 2019	Linguistique générale: concepts et méthodes [General Linguistics: Concepts and Methods] Université Libre de Bruxelles, BE — Student assistant, undergraduate level

Presentations

October 2025	The consistency of voice quality acoustics as a new diagnostic parameter for organic and functional Foreign Accent Syndrome Linguists' Day 2025 of the Linguistic Society of Belgium, Leuven, BE — Conference presentation
September 2025	The acquisition of intrinsic vowel pitch from babbling to first words: a large-scale longitudinal study Child Language Symposium 2025, Reading, UK — Conference presentation
July 2024	From speech biomechanics to phonology: children use intrinsic vowel pitch for contrast enhancement XVIth International Congress for the Study of Child Language, Prague, CZ — Conference presentation
March 2024	Behind the annotations: an investigation of the acoustic cues informing the transcription of pre-lexical vocalizations Colloquium of the British Association of Academic Phoneticians 2024, Cardiff, UK — Conference presentation
November 2023	Speech physiology or perceptual enhancement? Exploring Intrinsic Vowel F0 in children with hearing impairment Taalontwikkeling Kinderen (NL/VL) dag, Utrecht, NL — Conference presentation
October 2023	Shared physiology but differing perceptual enhancements: Exploring Intrinsic Vowel Pitch (IF0) in hearing-impaired children Linguists' Day 2023 of the Linguistic Society of Belgium, Antwerpen, BE — Conference presentation
October 2023	Exploring individual differences in dual pathways to the vowel height contrast: the f0 and F1 routes Many Paths to Language, Nijmegen, NL — Conference presentation
August 2023	Fundamental frequency normalization and statistical power: an assessment of 15 normalizing techniques XXth International Congress of Phonetic Sciences, Prague, CZ — Conference presentation
August 2023	Investigating overlapping gestures in acoustic signals: the case of fricatives and sonorants in clusters XXth International Congress of Phonetic Sciences, Prague, CZ — Conference presentation
June 2023	Normalizing vowel frequencies and hypothesis testing: comparison and evaluation of 17 normalization techniques in terms of statistical power 9th International Conference on Experimental Phonetics, Vigo, ES — Conference presentation
December 2022	F0 dynamics associated with prominence realisation in children with hearing impairment Dag van de Fonetiek 2022, NVFW, Utrecht, NL — Conference presentation
October 2022	Where to measure within vowels? Comparison and evaluation of acoustic techniques for the selection of measurement points

	Linguists' Day 2022 of the Linguistic Society of Belgium, Liège, BE — Conference presentation
September 2021	Entre Teorías Lingüísticas y Realidades Identitarias: el Caso del Griego Calabrés XXXV Congreso Internacional de la Asociación de Jóvenes Lingüistas, Zaragoza, ES — Conference presentation
April 2021	Voice Quality and Language Attitudes: An Acoustic and Articulatory Study T.W.I.S.T. Conference 2021, 15th Student Conference in Linguistics, Leiden, NL — Conference presentation
April 2020	When Metalinguistic Discourse Paves the Way for Self-identification: The Case of Calabrian Greek T.W.I.S.T. Conference 2020, 14th Student Conference in Linguistics, Leiden, NL (cancelled — COVID-19)

Awards

October 2022	Best Paper Presentation Award for doctoral students (Linguistic Society of Belgium) "Where to measure within vowels? Comparison and evaluation of acoustic techniques for the selection of measurement points."
